

Tweet @jigarbov your finished cut-out scene!

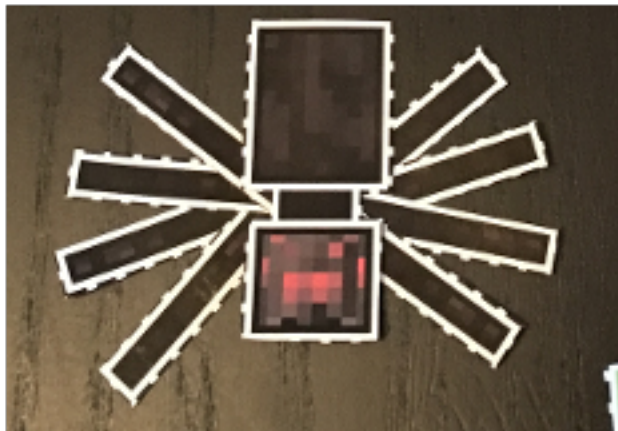

Use the different clothing options for your villager to make it the way you want! Use a dot of glue to hold it all together.

Those aren't posts next to the pig and cow! Those are the extra legs so your 4 legged friend can have all their legs. Use a push pin or glue to hold them in place. Will you use a saddle with your pig?

Carefully cut out each of the spiders legs and use some tape or glue to hold them all together. Now can make him creep and crawl all over the house!

Papercraft Adventure is a massive adventure map on the Minecraft Marketplace full of thrilling quests, hours of gameplay and an amazingly unique style. The mobs in the game are made to look just like these paper cut-outs! Purchase it today through the Store button in Minecraft on your device of choice.

Hey kids, make sure you get an adult to help when using sharp scissors.
